## President's Message

## TUCSON CORVETTE CLUB GENERAL MEETING Sept 14, 2010

Hello all!!!

OK, I have to say up front that this is absolutely my favorite time of year. I know many people have mixed feelings about the holiday season, and there have been some that were not "picture perfect" for me either, but it is still my favorite time. Thanksgiving, Christmas, and New Years are all about family and friends, and a time to look back on the past year and reflect.

For me the past year has been a whirlwind, both personal and professional. Fortunately for us it was more ups than downs. For those of us who have had more downs than ups, remember to keep family and friends close. Continue to love and be loved and you will be truly blessed!

This is also the time when the Tucson Corvette Club leadership changes hands. A new group of officers and board members will start in January and the retiring board members go back to the club as active members. I want to thank all of the retiring officers and board members for their wonderful support of the club, and for all the extra time they dedicated to make this club what it is. Your leadership was greatly appreciated by all of us!

In closing, I hope you all have a very Happy Holiday season! May 2011 will be a much better year for all!

*Mike McCaul*

## My Night at the Sonic

It was September 16<sup>th</sup>, which was coincidentally, the day of my birth just a “few” years ago. Being prepared for another uneventful celebration put me in a nostalgic mood with memories of younger days when I couldn’t wait for that special day. Little did I know a scenario was in the works by Marie, Sami and Ron Ray.

A cake was ordered to be picked up by the Rays and a few packets of Ugly Coyotes cigars were mailed to their house as a surprise gift from Marie. The plans were flawless, but I have an uncanny sense of discovery and any surprise is unlikely – and so it was. The cigars, unfortunately, were delivered late on the evening before, prompting an early call by Sami notifying Marie that she had not received them yet. Naturally, being a relentless inquisitor, I asked why she called and received a rather questionable response.

The next day we went grocery shopping and I sat on the patio drinking my coffee. When Marie came out I asked if she saw Sami in the store – to which she denied any sight of her. A few minutes later, I spotted Sami leaving the store with a box that suspiciously looked about cake size. “I hope that cake is not for my birthday”, I said. They don’t call me “Super Sleuth” for no reason.

I was not prepared to experience one of the most memorable birthdays – simple as it was.

The cake came out, candle unlit, no one had matches, but it did spin around to the birthday melody, followed by a solo operatic rendition of the same by Jim Ogden. Thank you, Jim!

The evening was filled with elements of surprise, notwithstanding Mike Bush’s announcement that he was 47 years young and discovering the Chuck Parra was from my native Connecticut.

The Sonic event always concludes with a cigar box filled with miniature chocolates – “Take two but you can’t use the same hand”, Ron Ray insists. I dug in religiously following the directive and missed altogether a wrapped cigar, a birthday gift from the Rays. If you have chocolate mindset seemingly nothing else matters!

I particularly wish to thank Sami and Ron for their efforts in executing my Sonic birthday planning. The TCC is fortunate to have as members this exceptionally caring couple personifying unselfish dedication to event planning

### Chucks after Thanksgiving Breakfast Run

As all know we had little smaller turn out this year, however, as always we had great fun. We left at 10:00 AM sharp from the parking lot at Home Depot at Irvington and went pretty much in a Caravan down I-19 to our breakfast rendezvous. Of course there are always some "slow poke" Corvetters - we wont mention any names:)

The tables were set up different (sort of like a prison row :) - just kidding) with "King Chucky" at the head of the table in the middle row. Food was good as always and with us this time we had new guest Mike & Pattie Lawrence. Quite a fun couple, one that should join the TCC. (Hope they read this Newsletter)

After breakfast everyone went on their own, the usual run to Nogales, Mexico for very important drugs and some went to Tubac, like Cathy and Rosemarie - the die hard shoppers. Actually they were checking out some Art Classes that Cathy would like to attend between her traveling times. You never know what kind of potential Cathy has - maybe we be able to see some of her Art some day and can "uh and ah" over it. You never know what talents we have as TCC members.

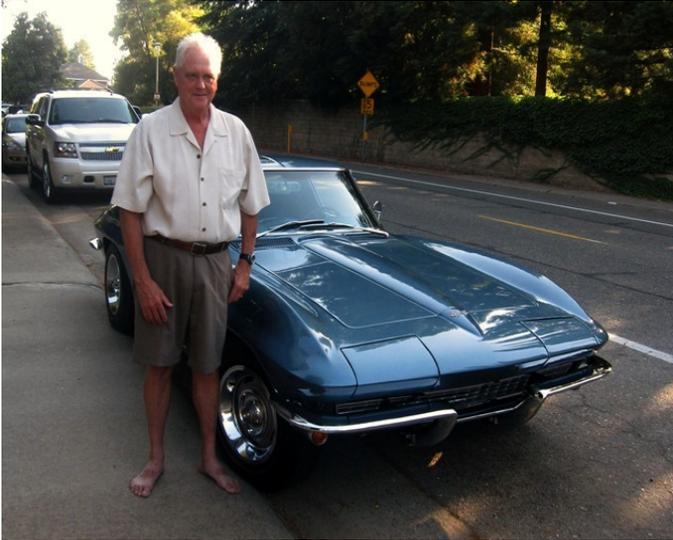

All in all I believe everyone had a great time. If I missed anything blame it on Chuck, otherwise give me the credit. Ha, ha.

Have a great Christmas and a Happy New Year.

*Chuck & Rosemarie*

## 1967 Corvette Visit

I bought the car new. Paid \$4270. Sticker was just over \$5000. Being 25, single, and flying Navy jets out of Miramar, CA, I had image to consider. What an ego booster that car was! Nine years later I am 34, married, 2nd child on the way, new house to pay for. Car was sold in a split second of "Practical" thinking. Today it is in the loving hands of Dr Craig Weiner in Sacramento, CA. He bought it frame off restored last year, fulfilling his dream of owning a car exactly like this one. He offered to let me drive it. I passed, but may reconsider at some other time. I reminded him I put the first 65,000 on it and would not want to have a mishap. Great hosts.

The car is the same color and perfect in appearance. Craig has located the second owner in the past week from a receipt in his handed down documents. Great hosts. If I see the car again maybe I would like to drive it nervously around the block one more time. He did comment on the appearance differences between the car and the human. Dang it all...

## CHRISTMAS EVE' THING

By Jim "strat" Rowan

"Twas the night before Christmas, and in the garage  
There wasn't a trace of a Ford or a Dodge  
The lights were all lit

So I figured I'd mess with the Vette for a bit  
I popped the release and I lifted the hood  
When a deep voice behind me said, "Looks pretty good".

Well, as you can imagine, I turned mighty quick  
And there by the workbench, stood good ol' Saint Nick!

We stood there a bit, not too sure what to say  
Then he said "Don't suppose that you'd trade \*that\*  
for my sleigh?"

I replied, "No way, Santa" and started to grin,  
"But if you've got the time we could go for a spin!"  
His round little mouth, all tied up like a bow,  
Turned into a smile and he said "Hey!, Let's go!! "

So as not to disturb all the neighbors retreat  
We pushed the Vette quietly into the Street  
Then taking our places to drift down the hill,  
I turned on the key and I let the clutch spill  
The sound that erupted took him by surprise  
But he liked it a \*lot\*, by the look in his eyes.  
With Goodyears a 'cryin' and side pipes aglow,  
We headed on out where the hot rodders go.  
And Santa's grin widened, approaching his ears....  
With every shift up as I went through the gears.  
Then he yelled "Can't recall when I've felt so alive!"  
So I backed off the gas and asked "You wanna drive?"

Ol Santa was stunned when I gave him the keys  
When he walked past the headlights, he shook at the knees!

The small block exploded with side exhaust sound!  
Santa let out the clutch and the tires shook the ground!

Power shift into second, again into third!  
I sat there just watching, at a loss of a word.  
Then I heard him exclaim, as we blasted from sight....  
"MERRY CHRISTMAS TO ALL, IT'S ONE HELL  
OF A NIGHT!!!"

## Tucson Tidbits

We had just gotten back home after our 2-week cruise to Hawaii when Rich checked his e-mail and found that a dear long-time friend who had been unwell for years had passed away. Joe Ann La Firenza, Elvira Reinharts' sister, had gone back to the hospital on Friday and passed away on Sunday, December 5. We repacked and went back to LA to attend her rosary on Sunday, mass and burial on Monday. Since we had our annual family dinner the following weekend we stayed there and spent some time with Fred and Elvira, who had been caring for Joe Ann for years. In between visits the newsletter got done and will be delivered thanks to **Mike Brasher**

If you have any news you would like to share with the rest of the Club, please let us know – birthdays, additions to the family, anniversaries etc.

Jim Gray 296-8893

I have, from the Corvette Garage, four "Z07" chrome wheels. (2) 9.5" x 18" and (2) 11" x 19" All specs can be reviewed at the Corvette Garage site. These fit a C-6 Corvette. Stock tire sizes can be used ...or... Z06-sized tires will fit. These wheels will allow the bigger Z06 Brakes to be used on a base, or Z51, C6. (My plan.) I have 275/35ZR18 on the front, and they fit just fine. However I doubt that the 335 tires will fit in the rear without the Z06 fenders. I now have 295/30ZR19 tires on the rears. I will be going with 305/30ZR19 next. These are an extra set that have not been used. No lug nuts or tire pressure sensors, but the center caps are included. On their site these chrome reproduction Z06 wheels are \$1,295.00 with shipping. I'll sell mine for \$1,000.00 and take them to the new owner. "Okay, you drive a hard bargain, I'll take \$975.00."

I also have a "Snake Charmer" for sale. This is for a C-6. I have installed a ProCharger so the Snake Charmer is excess. This is a VaraRam intake. At Jeg's it is going for: VaraRam #937-VR-SC1 C6 Snake Charmer Ram Air 2005-07 Chevy Corvette C6 Non-Z06 \$409.99 I will include the plastic panel that I had to cut to fit the intake. This is an optional item, priced at \$65.00 the last time I looked. I will sell all for \$275.00. I believe there is an improvement in power, especially when on the highway at speed. I'll add a pic of the wheels. The Vararam site gives lot of details on the intake. New Michelin PS2 tires now cost over \$500.00 each. I need hew tires, so, gotta sell something, quick!

Thank you.
